Motter Avenue Bridge Project

Construction Update

October 11, 2012

- Observe new signs and flaggers during lane closures.
- Please drive carefully through work zone and beyond.
- Automated speed enforcement is in place on US 15. The speed limit is 55 mph.
- Watch for construction equipment and working crews.

Recent Accomplishments:

1. Crews have begun excavating for road widening along Thomas Johnson Drive.
2. Crews have been removing the concrete median from the ramps between Motter Avenue and northbound US 15.
3. Crews are installing the foundations for relocated traffic signal poles along Motter Avenue.
4. Crews have been placing storm drain structures and pipe along Thomas Johnson Drive and in the US 15 median.
5. BGE Crews have been working on fiber optic wires along Motter Avenue and across US 15.
6. Crews have completed work on storm drain pipe under Motter Avenue.

Upcoming work schedule:

1. Crews will be working on storm drain installation in various locations.
2. Crews will continue excavation for road widening.
3. Crews will continue working on the fill area for one of the new abutments, or end supports, of the bridge.
4. Crews will continue relocating existing utilities along Thomas Johnson Drive (gas main and electric lines).

On behalf of Maryland State Highway Administration, I would like to thank you for your cooperation and patience. Please drive with caution through our work zone.

David James, Project Engineer
